FACILITIES

The De La Salle Health Sciences Institute occupies an eight-hectare lot in Dasmariñas City, Cavite approximately 32km south of Manila. The Campus is easily accessible by public transportation through 3 main routes: the Coastal Road - Aguinaldo Highway route from the north, the Carmona Highway from the east and the Governor's Drive from the West.

The Campus' location in the City of Dasmariñas is greatly conducive to learning, being both accessible to the conveniences of a city and at the same time surrounded by the lush and serene environment of the countryside. Within a kilometer radius are situated the DLSU-Dasmariñas, other colleges, shopping centers, restaurants, and the student villages and homes.

The Campus itself is composed of the De La Salle University Medical Center's (DLSUMC) 4-building complex, the four-storey College of Medicine building, the seven-storey Academic Center for Health Allied Sciences, the four-storey Dr. Romeo P. Ariniego, MD Library, the four-storey De La Salle University Angelo King Medical Research Center, and the De La Salle Animo Center.

FACILITIES

UNIVERSITY MEDICAL CENTER

Bldg 1 - UMC Main

Bldg 2 - Wu Annex

Bldg 3 - T F Rivera Hall

Bldg 4 - J S Tantiansu Cancer Institute

The DLSUMC, the principal teaching hospital of the four colleges of DLSHSI, is administered by the Sisters of St. Paul of Chartres. It is composed of two (2) four-storey buildings, Buildings 1 and 2 and the ten-storey hospital annex, the Dr. Teoderica Favis vda. de Rivera Hall (Building 3) and the one-storey Jose Sotto Tantiansu Cancer Institute. Aside from the hospital rooms, doctor's clinics, and the Out-Patient Department, the DLSUMC also houses Emergency Rooms and Operating Rooms in the Hospital Annex.

The base training hospital is a 250-bed capacity tertiary hospital, the largest in Region IV and the Philippines' First ISO 9001 Certified, with fully accredited training programs in various clinical specialties. It is where students are exposed to various areas of the hospital through clinical duties under the guidance of faculty members.

FACILITIES

COLLEGE OF MEDICINE

Bldg 5 - College of Medicine

Gross Anatomy Laboratory

The lecture rooms and laboratories of the College of Medicine can be found in the College of Medicine Building. The Gross Anatomy Laboratory is housed in a separate one-storey building.

ANGELO KING MEDICAL RESEARCH CENTER

Bldg 6 - AKMRC

Villarosa Convention Hall

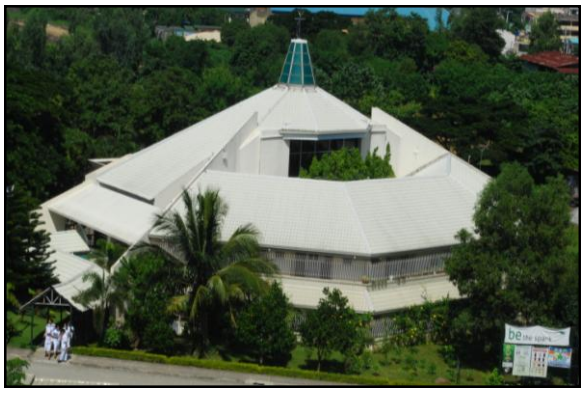
The De La Salle University Angelo King Medical Research Center is the Institute's ground zero for medical and health allied research. It houses the research laboratories of the different basic and clinical departments, the separate Adult and Pediatric TB DOTS facilities under the TB Research Unit, the Center for Indigenous Medicine, the Bioavailability Unit.

Here, faculty researchers conduct studies not only for the advancement of knowledge in their fields of specialization, but also conducts researches that are relevant to the health concerns of the region. Aside from coordinating and managing the research agenda of the Institute, the Research Center has recently been named convenor of the Regional Health Research and Development Committee for Region 4. It also provides research services to pharmaceutical companies and government health agencies.

The Information and Communication Technology Center and the De La Salle Villarosa Convention Hall are also found at the Research Center.

FACILITIES

TWO HEARTS OF JESUS AND MARY CHAPEL



Bldg 7 - CHAPEL

In the midst of the campus, surrounded by the lush vegetation of the campus' mini forest, one will find the soul of life in the Institute, the 500-capacity Two Hearts of Jesus and Mary Chapel. Here, students commune with God, friends, mentors, and other members of the community through a daily celebration of the Eucharist and individual prayers.

ACADEMIC CENTER FOR HEALTH ALLIED SCIENCES

Bldg 8 - ACHS - WANG

The Academic Center for Health Allied Sciences a.k.a. Wang Building houses the classrooms and some of the laboratories of the Health Allied Colleges (CNM, CMRT, and CRS) as well as the administrative offices of the colleges.

DORMBUILT

Bldg 9 - DORMITORY

Another vital edifice in the campus is the Dormbuilt which serves as the students' home in campus.

FACILITIES

ANIMO CENTER

Bldg 10 - ANIMO CENTER

Students and employees of DLSHSI can now boast of its very own Center that will serve as a convergence point for the whole community.

Indeed, the De La Salle Animo Center will serve as a place for animated opportunities for growth and development in all aspects of life – spiritual, academic, social, civic, cultural, musical, sports, and total environment.

ROMEO P. ARINIEGO MD LIBRARY

Bldg 11 - LIBRARY

Located conveniently next to the Academic Center for the Health Sciences (Wang Bldg), the new library building looks set to become another focal point for the entire DLSHSI population. Aptly called the Romeo P. Ariniego MD Library, the building sits on one of the high points in the institute, flanked by greenery on its side and trees both at the front and rear. The building itself brings in natural sunlight and adds a touch of nature and breath of fresh air to the entire surroundings. The library is a modern four-storey building that houses the collection of the four colleges.
