Subject: **Postponement of the Implementation of Increase in Tuition, Miscellaneous and Other Fees for SY 2020-2021, Significant Reductions/Adjustments in Select Existing Fees and Optional Installment Terms for Tuition and Other Fees**

Greetings in St. La Salle!

The De La Salle Medical and Health Sciences Institute continues to abide by official directives from the National Government, Local Government Unit of the Province of Cavite, Commission on Higher Education, Association of Philippine Medical Colleges (APMC), and the Department of Education.

The past few months have been very tough for everyone. The decision of the Institute to implement the Home-Based Alternative Learning Modalities (HBALMs) is a positive, proactive and creative response to the challenges brought about by COVID-19 pandemic. We maintain our positive perspective that learning must continue and students deserve to acquire the necessary knowledge given the available opportunities and platforms.

Given the paradigm shift in the delivery and conduct of classes this coming SY 2020-2021, I would like to inform all concerned that per approval of the Board of Trustees of the DLSMHSI, **we are postponing the implementation of increase in the tuition, miscellaneous and other fees for SY 2020-2021. Likewise, to further extend our help and consideration to our beloved parents and students, there shall also be significant reductions/adjustments in select existing fees and the Institute shall also provide optional installment terms for tuition and other fees** (please refer to the attached Memorandum with Reference No: VCSS-2021-001).
